

## **ICT 9025 Test 1 Structure (Updated)**

### **Topics:**

Mobile Computing

GSM and GPRS

3G Networks

(Lecture Slides 1, 2 and 3)

### **Time & Format:**

**Date: Monday 1-Nov-21**

**Duration:** 1 hour and 20 minutes

The test will be available online for **3** hours (on the 1<sup>st</sup> of November, **from 07:59 AM to 10:59 AM**); at the time when a student starts the test, they will have 1 hour and 20 minutes to complete the test.

### **Question Structure:**

Short answer questions and Open-book Questions (may require using the Web)

### **Platform: Online (Moodle)**

The test will be written online on Moodle; the questions will make use of Moodle's Quiz feature.

### **Students with no Moodle access:**

The test will be available online at <http://www.psbewe.com/courses/2021/ict9025/> during the test day for those who do not have access to Moodle.

- The test will have the same time factors (indicated above) - *available online for 3 hours, with 1 hour and 20 minutes to send the answers via email after the questions-file has been downloaded (on the 1<sup>st</sup> of November, starting from 8 AM)*

- **This email option is only for students who do not have access to Moodle.** Please make sure to send an email to my email address **before** the test date (1-Nov-21) indicating that you do not have Moodle access for the test, this is to be included among the students eligible to write the test off the Moodle platform. On the test date: these students will be required to send back an attached document, via email, with their answers to the test questions.

Send an email to [phyela.mbewe@unza.zm](mailto:phyela.mbewe@unza.zm) for queries.

**Resources:**

**ICT 9025 Lecture notes** are available on my online backup profile page [www.psmbewe.com](http://www.psmbewe.com) (in addition to [Moodle](#))

**ICT 9025 Video sessions** can be viewed from this **YouTube Playlist:**
