

Welcome to Lubu Private Game Reserves

[About Us](#) | [Animals](#) | [Contact](#) | [Other Links](#)

The Game reserve was established on 24th January, 2018. It is home to Black lechwe and Waterbucks only. There are 50 of the animals. The following are the animals:-

Black Lechwe

Medium-sized antelope, the black lechwe (LECH-wee) grows to about a meter (3.3 ft) in height, weighing 60 to 128 kg.

Waterbuck

Large robust animal with long shaggy hair and a brown-gray coat that emits an oily secretion from its sweat glands, which acts as a water repellent
